## Smart H-beam Welding Line

JINFENG® is the professional China manufacturer and supplier of smart H-beam welding lines with affordable price. The smart H-beam welding lines is an efficient and intelligent production line equipment for H beam steel with independent intellectual property right based on the JINFENG company's market demand and years of experience in developing welding and cutting equipment.

JINFENG® is the professional China manufacturer and supplier of smart H-beam welding lines with affordable price. The smart H-beam welding lines is an efficient and intelligent production line equipment for H beam steel with independent intellectual property right based on the JINFENG company's market demand and years of experience in developing welding and cutting equipment.

## Specifications

H-beam flange width	130-800 mm
Flange thickness	8-60mm
H -beam web height	220-1500 mm
Web thickness	220-1500
H -beam length	5000~15000mm

## Feature And Application

Smart H-beam welding lines adopts parameterized HMI, which makes it convenient to set up the processing specifications and the setting of various process parameters. According to the production process, the H-beam automatically flows between all stations in the whole line. According to the production rhythm, the number of equipment is matched reasonably, so as to realize the efficient and intelligent assembly, welding and straightening . Smart H-beam welding lines is an ideal production line for mass production of H-beam because of its low labor intensity and low use of whole line labor and crane.

## Details

Ningbo JinFeng Welding and Cutting Machinery Manufacture Co., Ltd  
Address:No.337, 7th Xingci Road, Hangzhou Bay New Area, Ningbo, P.r.china  
Tel:+86-574-63487698  
Phone:+86-13456194991

Fax:+86-574-63487678  
E-mail:export@jinfeng-weldcut.com
